

**Survey Form of Foreign Teachers' Preferences for Attending the Training Course
for Thai Language, Culture and Teachers' Professional Ethics and
Teaching Course of 15 Credits**

With reference to the Teachers' Council of Thailand Act 2004 along with the resolution of the Teachers' Council of Thailand Board in 2006 regarding rules and regulations in evaluating foreigners' knowledge, all foreign teachers have to obtain a teaching license issued by the Teachers' Council of Thailand and they must also pass a test and knowledge evaluation according to the standards of the Teachers' Council of Thailand Board. Also according to the orders Wor Kor 1065/2544 and Sor Por Thor 43/2546, foreign teachers must have a Bachelor of Education degree or a degree in any other major with not less than 15 credits in teaching. If they do not possess any of these qualifications, they will be given a grace period of 1 year to attain them.

The Association of Private Schools for English Program together with Srinakarinwiroj University would therefore like to survey the need in organizing the development course for foreign teachers according to the Teachers' Council of Thailand and orders Wor Kor 1065/2544 and Sor Por Thor 43/2546. Being an administrator of your school, APEP would like to survey your opinions and use the information provided to organize the course accordingly.

Please complete every question

1. Respondent's position.....
2. Total number of foreign teachers
 - Female
 - Male

3. Education of foreign teachers

	Degree (Bachelor, Master, Ph.D) In Education	Degree (Bachelor, Master, Ph.D) In other majors	Other Degrees (Lower than Bachelor)
